VICE CHAIRMAN'S MESSAGE

It was a very exciting year for the Clarence Campeau Development Fund (CCDF) with new and exciting projects being dealt with at the board table. As CCDF grows so does the size and complexity of the proposals that are dealt with by the board. The board remains cognisant of its responsibility to make sound decisions in all cases and is extremely proud of the continued strong performance of the Fund at all levels.

2014 was again a year where CCDF demonstrated its importance as a catalyst for economic development in Saskatchewan. The information provided in the Independent Fund Review and Socioeconomic Study demonstrates the value of CCDF not only for Métis economic development, but also economic development for our entire province. For a very small investment the results and impact are incredible.

As always the Fund has received outstanding support from the province. We will continue to draw on the expertise of the province's board representatives and encourage a strong working relationship between our staff, the province and all our stakeholders.

Throughout 2014 a number of industries experienced set-backs in the province. However, we remain confident that entrepreneurship will continue to flourish in the province and that these set-backs are temporary. Saskatchewan remains the best place to do business in the country and CCDF helps support and encourage economic growth in our communities by supporting Métis business development in all Métis Regions in the province.

I would like to thank our board members for the time and effort they put forth to guide CCDF through sound decision making at the board table. I would like to thank the staff for having the passion for Métis people and Métis business development. The results in this annual report demonstrate once again the quality of our staff. We look forward to working with all our stakeholders in 2015 to ensure continued improvement for Métis people and all residents of our province.

CHIEF EXECUTIVE OFFICER'S MESSAGE

The Clarence Campeau Development Fund (CCDF) continues to provide much needed financial support to Saskatchewan's Métis entrepreneurs and communities. In July of 2014 the Fund celebrated 17 years of successful business program and service delivery in the province. During those 17 years the Fund has become recognized as a model in other jurisdictions and has been instrumental in the establishment of other Aboriginal institutions in Canada.

At the end of the year the Fund had an equity base of $27,963,600 and contributions receivable in excess of $16,000,000. During the year the Fund supported 47 business proposals for $4,009,166. This funding resulted in the creation and maintenance of 144 Jobs.

During the year an independent review of the Fund was undertaken by MNP. The results of this review can be found on our website at www.clarencecampeau.com . In addition to the Fund review CCDF engaged Northern Research Group to undertake a socioeconomic impact study, something that has never been done before. The results were staggering confirming that the Fund had produced $660,000,000 in social and economic benefit to the province over the past 17 years.

The Fund is also undertaking a community capacity assessment study early in 2015. The goal is to determine the level of Métis community capacity across the province. We will then take the information and a strategic plan forward to access levels of funding necessary to improve capacity for Métis communities in Saskatchewan.

I would like to thank the Provincial Government for their continued encouragement and support of CCDF and our Métis business community. I would also like to thank all our stakeholders across the province for working closely with us in our efforts to improve economic conditions for Métis people in Saskatchewan. Thanks to the dedicated board and staff for their loyal support. We expect that 2015 will be another outstanding year for Métis business growth in the province as well as the Fund.

THE FUND

The Clarence Campeau Development Fund (CCDF) was established by The Métis Society of Saskatchewan Inc. subject to an agreement with the Government of Saskatchewan dated June 11, 1997. In September of 2001, an amendment to the Gaming Act recognized CCDF in legislation and a new agreement between the province and the Métis Nation–Saskatchewan Secretariat Inc. was executed in December 2002.

The purpose of the CCDF is to provide financial assistance where currently there is a void for Métis clients. The CCDF is not designed to replace or be in competition with, but to augment and complement, existing government programs, agencies and other financial institutions. All applicants are to explore other sources of funding (e.g. banks, credit unions, SaskMétis Economic Development Corporation, Community Futures, Aboriginal Business Canada, and the Northern Development Fund). The CCDF will not fund cultural activities, social programs, operations of political bodies, or non-economic related development projects.

The objective of the Fund is to stimulate economic development activities of Métis people and communities by providing equity for Métis businesses, support to community economic development initiatives, and assistance for the development of the management skills of new and existing Métis business owners and entrepreneurs. The Fund derives its revenue subject to the agreement with the Government of Saskatchewan.

Vision

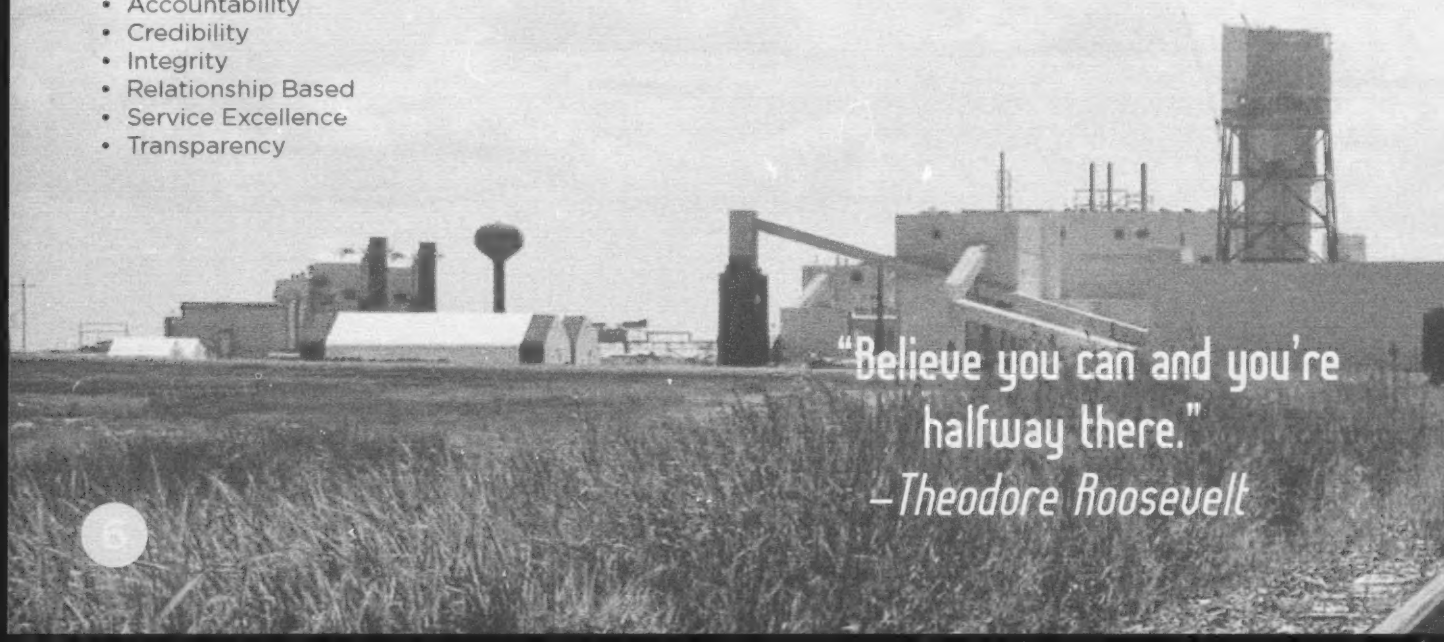
CCDF is recognized as the most successful and professional Métis Financial Institution in the country. We are leaders in identifying market opportunities and providing Métis entrepreneurs with innovative financing and skill development solutions that benefit everyone in Saskatchewan.

Mission

The mission of CCDF is to improve the economic circumstances of Saskatchewan's Métis by providing market intelligence; funding for business and community economic development; plus development of management skills and assistance to new and existing Métis owned businesses.

Values

- Accessibility
- Accountability
- Credibility
- Integrity
- Relationship Based
- Service Excellence
- Transparency



PROGRAMS

Business Plan Assistance Program

This program is intended to provide support to entrepreneurs with a business concept which has been identified as an excellent opportunity through an initial screening by the Fund, but which requires a professional business plan in order to attract financing.

This program will allow entrepreneurs to engage the services of a professional consultant in order to undertake the quality of research and planning necessary to develop a business plan and attract financing.

Guidelines:

- The applicant will provide CCDF with an application for initial screening by the fund;
- The applicant must provide the name and qualifications of the consultant, the terms of reference and a quote of the costs agreed upon;
- CCDF can consider funding up to 75% of the costs to a maximum of $10,000;
- This funding will not be repayable.

Loan Equity Contribution Program

This program is intended to assist Métis entrepreneurs by providing capital through interest free loans or equity that will enhance the applicant's ability to leverage financing from other institutions and agencies.

CCDF can provide financial assistance of up to the lessor of $200,000 per project or 35% of the value of the fixed assets identified in the program costs.

Purpose:

- The purchase or start-up of a new business
- The purchase of an existing business
- Business expansion or renovation

Method of Investment:

Re-payable contributions for a term not to exceed seven years
Equity instruments as follows to be held for a maximum period of ten years:

- Common shares
- Preferred shares
- Convertible preferred shares or
- Convertible debentures for a maximum period of ten years.

Guidelines:

- Businesses funded under this program must demonstrate viability through a sound business plan
- Applicants must contribute a minimum of 5% equity to the project. Projects deemed by the Fund to be higher risk will require larger equity contributions
- Equity may be in the form of cash, machinery, equipment, real estate or other unencumbered fixed assets. Assets must be valued at fair market value by an independent appraiser.

MÉTIS WOMEN'S EQUITY PROGRAM

This program is intended to assist Saskatchewan Métis Women who wish to become entrepreneurs overcome barriers and enhance their ability to leverage financing and support services from financial institutions and business support agencies.

Under this program CCDF can provide equity assistance of up to 65% of project costs to a maximum of $10,000 Total project costs cannot exceed $ 25,000 (excluding working capital).

Purpose:
- To purchase an existing business
- To start a new business
- To expand or renovate an existing business

Method of Investment:
- Maximum $10,000
- Repayable contribution for a term not to exceed five years
- The contribution will be interest free
- Security will consist of a promissory note

Repayment:
After 24 months of satisfactory repayment of principal, the client will have the option to repay 75% of the remaining contribution with 25% being forgiven

Guidelines:
- Businesses funded under this program must be for-profit and demonstrated viability through a sound business plan
- Applicants must contribute a minimum of 5% equity to the project
- No administrative fees
- The business must be 100% owned by a Saskatchewan Métis Woman

MÉTIS YOUTH EQUITY PROGRAM

This program is intended to assist Saskatchewan Métis Youth ages 18 to 35 with the desire to become entrepreneurs, overcome barriers and enhance their ability to leverage financing and support services from other financial institutions and agencies.

Under this program CCDF can provide equity assistance of up to 65% of project costs to a maximum of $10,000 Total project costs cannot exceed $ 25,000 (excluding working capital).

Purpose:
- To purchase an existing business
- To start a new business
- To expand or renovate an existing business

Method of Investment:
- Maximum $10,000
- Repayable contribution for a term not to exceed five years
- The contribution will be interest free
- Security will consist of a promissory note

Repayment:
After 24 months of satisfactory repayment of principal, the client will have the option to repay 75% of the remaining contribution with 25% being forgiven

Guidelines:
- Businesses funded under this program must be for-profit and demonstrated viability through a sound business plan
- Applicants must contribute a minimum of 5% equity to the project
- No administration fee
- The business must be 100% owned by a Saskatchewan Métis Youth

COMMUNITY BUSINESS DEVELOPMENT PROGRAM

This program is intended to assist Métis community owned business development associations and corporations leverage capital to develop businesses that will result in the creation of wealth and jobs for Métis.

Under this program, CCDF can provide a one-time, non-repayable contribution up to the lessor of $100,000 or 35% of the value of fixed assets as identified in the program costs. Should the business be sold or disposed of within 3 years of receiving a non-repayable contribution it will become repayable immediately.

In addition, CCDF can contribute up to the lessor of $200,000 or 35% of the value of the fixed assets as a repayable contribution, preferred shares, convertible preferred shares or convertible debentures.

Repayable contributions will be for a term not to exceed seven years while equity instruments will not exceed ten years.

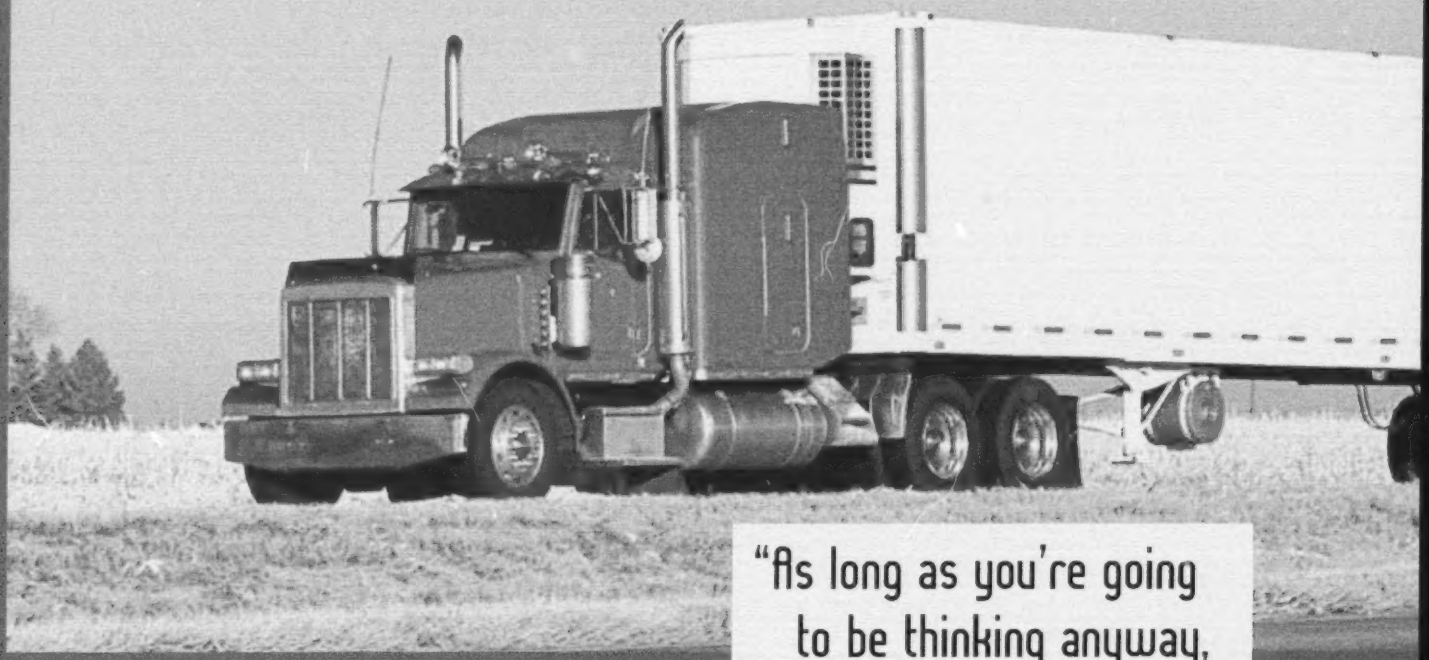
Note: Total funding from CCDF under this program will not exceed 50% of the value of the fixed assets.

Purpose:

- To start a new business
- To purchase an existing business
- To renovate or expand and existing business

Guidelines:

- Businesses funded under this program must be for-profit and demonstrate viability through a sound business plan;
- The community will be expected to demonstrate its commitment through an injection of reasonable equity.



"As long as you're going to be thinking anyway, think big."
–Donald Trump

MÉTIS ENERGY AND RESOURCE PROGRAM

Equity Contribution Program

This program is intended to help increase the involvement of Métis entrepreneurs in the energy and resource sectors and other major business initiatives.

CCDF can provide financial assistance of 50% of the value of fixed assets plus 35% of working capital and inventory costs as identified in the project. Minimum funding under this program is $ 201,000 up to a maximum of $ 1,000,000.

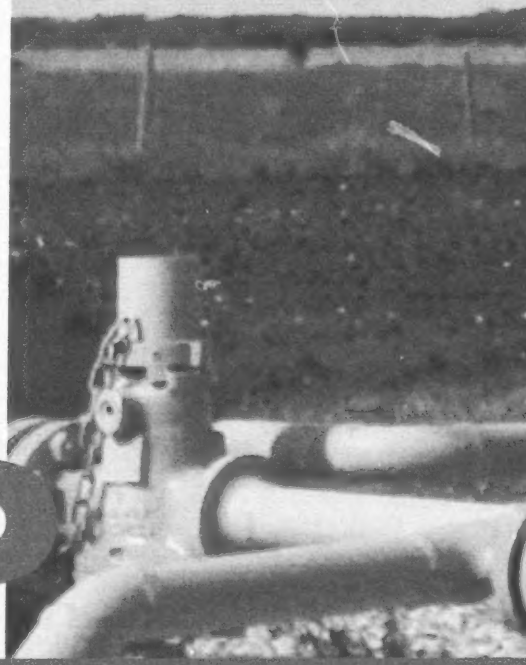
Projects funded under this program must be for-profit and commercially viable with total project costs in excess of $500,000. All projects must be supported by a professionally prepared business plan.

Priority will be given to, but not restricted to projects that demonstrate a high degree of job creation.

Applicants must provide a minimum 5% cash equity to the project.

Method of Investment:
- Common Shares
- Preferred Shares
- Mortgages
- Other forms of Debt

Purpose:
- Establishing a new business
- Purchase an existing business
- Expansion or renovation of a business that will result in increased capacity and revenue



MERP

MÉTIS ENERGY AND RESOURCE PROGRAM

Community Infrastructure Development Program

The purpose of the program is to provide support, mentoring, guidance, advice and funding required to establish successful community owned businesses in strategic areas of the province.

This program is intended to address the lack of capacity and infrastructure required to develop and sustain Métis Community – owned businesses.

CCDF will work in partnership with Métis Communities, Regions, and Locals who identify economic development opportunities and help establish businesses that are for profit and demonstrate viability through a professionally prepared business plan.

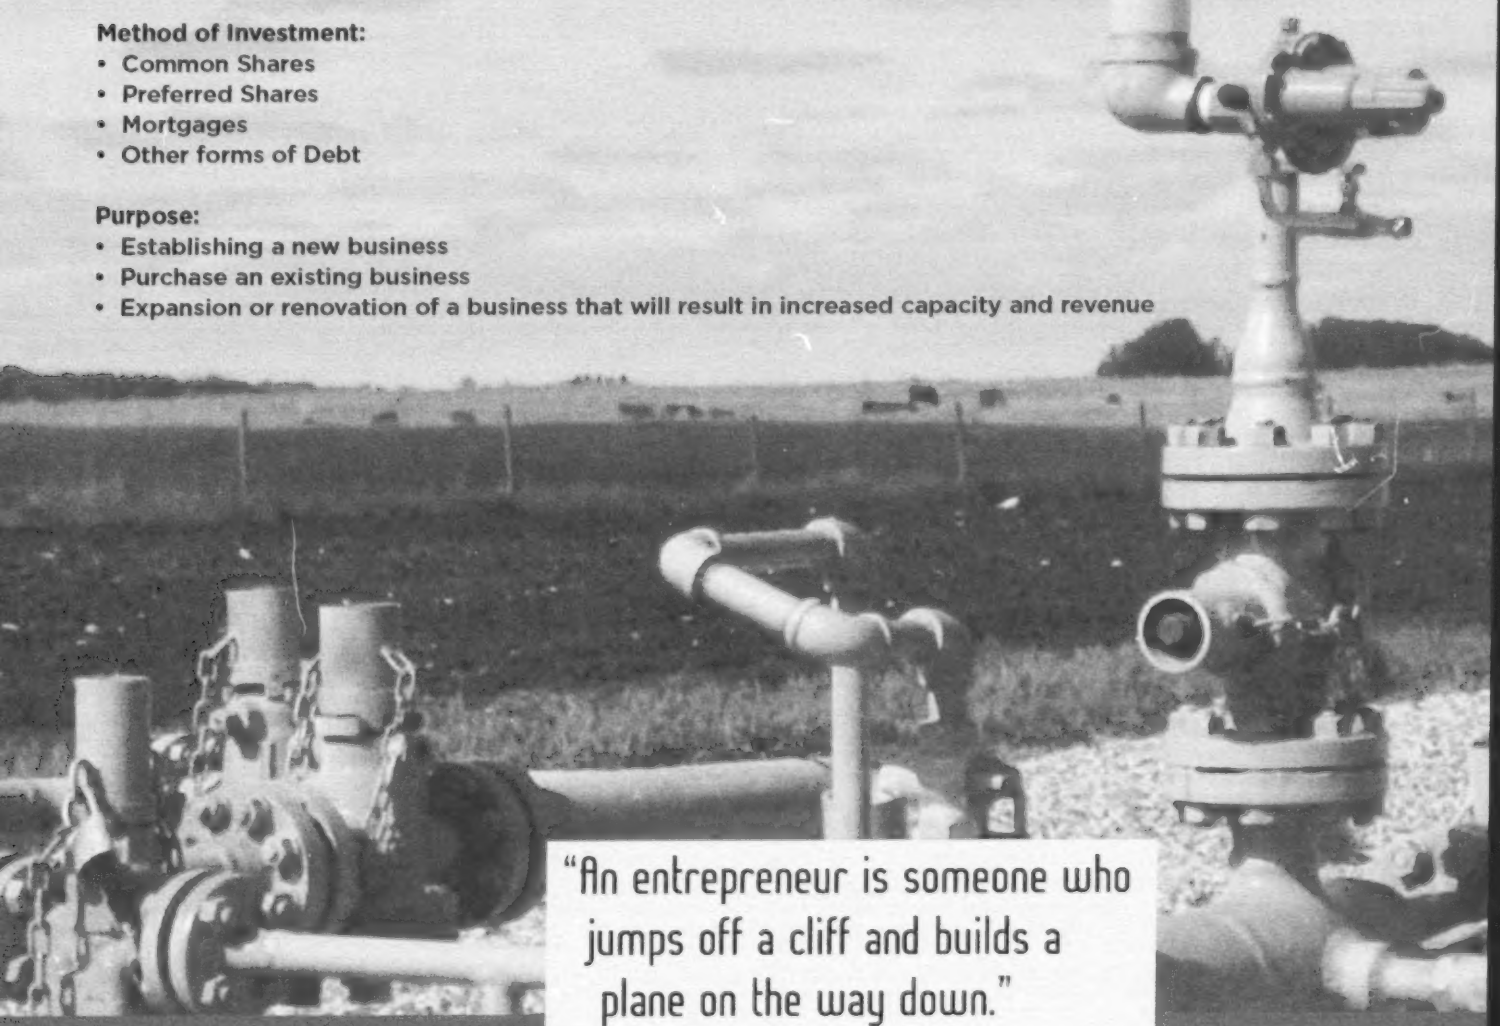
Under this program a combination of repayable and non-repayable contributions will be considered. The amounts of these contributions will be at the sole discretion of the Fund. Minimum funding under this program will be $201,000 to a maximum of $1,000,000.

Method of Investment:

- Common Shares
- Preferred Shares
- Mortgages
- Other forms of Debt

Purpose:

- Establishing a new business
- Purchase an existing business
- Expansion or renovation of a business that will result in increased capacity and revenue



"An entrepreneur is someone who jumps off a cliff and builds a plane on the way down."
–Reid Hoffman

DEVELOPMENT OF MANAGEMENT AND MARKETING SKILLS PROGRAM

This program supports training for new and existing Métis entrepreneurs to develop their management and marketing skills.

Guidelines:

- Applicants must provide an application that includes the purpose of the course as well as a course outline and a detailed budget
- Training must be through credible organizations that undertake to provide appropriate training
- The training must be specific to business management and not technical training unrelated to the development of management and marketing skills
- The maximum available under this program is 75% of the approved costs to a maximum of $10,000 over the life of the contribution
- CCDF funds only direct course costs such as tuition, workshop fees, and books. Living costs are not included
- This funding is only for short courses (degree and post-graduate studies are excluded).

BUSINESS SUPPORT PROGRAM

This program is intended to provide professional support to new businesses in order to help improve the opportunity for success.

Guidelines:

- Funding under this program is intended to allow the business to engage the services of a professional consultant to examine the operations of the business in order to identify areas that may require special attention
- The applicant must provide the name and qualifications of the consultant, a terms of reference and a quote of the costs agreed upon
- CCDF can consider funding of up to 100% of the cost, to a maximum of $10,000 over the life of the contribution
- Funding under this program is non-repayable
- Funding is not intended for the development of interim or annual financial statements.

GENERAL GUIDELINES FOR ALL PROJECTS

- Applicants must be of Métis ancestry operating a business based in Saskatchewan
- Businesses funded must demonstrate viability

Projects which are not eligible:

- Political bodies for political process
- Cultural activities
- Social Programs
- Residential real estate
- Commercial real estate for the sole purpose of lease or rent to others. The applicants' business must occupy the majority of space and be commercially viable exclusive of the rental/lease income to receive support from CCDF (some exceptions may apply)
- Basic Farming & Ranching
- Payments of dividends
- Refinancing (some exceptions apply)
- Business involved solely in the sale of liquor
- Restaurants in large Urban Centres (some exceptions apply)

MÉTIS ECONOMIC DEVELOPMENT SECTOR

Background

In the spring of 2010, with the financial support of the federal and provincial governments as well as CCDF, a comprehensive study was undertaken and a strategic plan developed for the creation of the Métis Economic Development Sector (MEDS). The Métis Nation–Saskatchewan endorsed the establishment of the Sector under the management of the Clarence Campeau Development Fund (CCDF) and in July 2010, with the financial support of INAC and CCDF the Sector began operations.

Vision

The Métis Economic Development Sector is the lead service provider in assisting Saskatchewan's Métis community members to achieve financial self-sufficiency. The Sector is the primary contact point for industry, government and Métis individuals seeking assistance in the development of economic opportunities.

Mission

The Métis Economic Development Sector (MEDS) will play an instrumental role in Saskatchewan Métis business development by providing technical expertise in business and management strategies. The Sector will provide information and services that will help to create sustainable Métis-owned businesses throughout all regions of the province and across a wide variety of industries. The Sector will strive to increase the profitability of Saskatchewan Métis businesses to provide increases in wealth through job creation.

MEDS will follow a collaborative and cooperative approach in matching industry needs with Métis abilities and adequate sources of capital.

Objectives

- Provide expert information on business development and management
- Become the recognized leader in Métis economic development advice
- Create an infrastructure for future business development
- Develop Métis entrepreneurs with skills and experience in management
- Develop opportunities into viable Métis-owned businesses
- Assist business owners to maintain or expand their businesses
- Ensure that Métis businesses are competitive contributors to local, provincial and global economies
- Create a strong and dynamic Métis business community united across geographic regions and throughout industries
- Provide communities with demand-driven skills development

"Ideas are easy.
Implementation is hard."
–Guy Kawasaki

INDEPENDENT AUDITOR'S REPORT

TO THE DIRECTORS OF
CLARENCE CAMPEAU DEVELOPMENT FUND

We have audited the accompanying financial statements of Clarence Campeau Development Fund (Operating as the Métis Development Fund) (the "Fund"), which comprise the statement of financial position as at December 31, 2014, and the statements of revenue, expenses and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2014, and the results of its operations, and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

1. NATURE OF THE FUND

The Clarence Campeau Development Fund (Operating as the Métis Development Fund) (the "Fund") was established by The Métis Society of Saskatchewan Inc. ("Métis Nation") pursuant to an agreement with the Government of Saskatchewan (Economic & Co-operative Development) dated June 11, 1997. Effective November 9, 2001, the Minister of Aboriginal Affairs designated the Fund as the Métis Development Fund pursuant to the *Saskatchewan Gaming Corporation Act*. A new agreement between the province and the Métis Nation-Saskatchewan Secretariat Inc. was executed in December 2002 and the Fund is governed in accordance with that agreement.

The objective of the Fund is to stimulate economic development activities of Métis people and communities by providing equity for Métis businesses, supporting community economic development initiatives and developing management skills of new and existing Métis business owners and entrepreneurs. To achieve this, the Fund makes repayable loans to qualifying projects and both repayable loans and non-repayable contributions to community projects.

The term of the repayable loans by the Fund is up to seven years. Equity instruments and convertible debentures can be held by the Fund for a maximum period of ten years. Loans are targeted to commercially viable, market-based projects, primarily in value-added sectors of the economy such as forestry, mining, tourism and information technology with specific loan criteria approved by the Board of Directors (the "Board"). The Board may enter into agreements with other contributing entities and appropriate business support agencies. Each single project is subject to a maximum of the lesser of 35% of the value of the capital assets identified in the project costs or $200,000. Funding is available for large scale or joint venture projects for up to the lesser of $1,000,000 or 50% of the value of the total project costs.

Under the Community Development Business Program, the Fund can provide a one-time non-repayable contribution up to the lesser of $100,000 or 35% of the value of the capital assets identified in the project costs. Should the business be sold or disposed of within three years of receiving a non-repayable contribution, it will become repayable immediately. Under the Development of Management and Marketing Skills Program, the Fund can provide non-repayable contributions up to 75% of approved training costs to a maximum of $10,000 over the life of the loan. Under the Business Support Program, the Fund can provide a non-repayable contribution up to 100% of the costs, to a maximum of $10,000 over the life of the loan.

1. NATURE OF THE FUND (continued)

The Fund derives its revenue pursuant to the *Saskatchewan Gaming Corporation Act*. In 2014, the Fund received $2,497,877 from the Ministry of Government Relations (2013 - $3,044,907).

In 2010, Aboriginal Affairs and Northern Development Canada contributed $5,000,000 to the Fund. The Fund also added $3,000,000 from their own capital, to establish and support the continuation of the Métis Energy and Resource Program ("MERP"). MERP is intended to be a self-sustaining program managed by the Fund. The program has two components: an Equity Contribution Program, providing support to independent Métis entrepreneurs, and a Community Infrastructure Program to create and build Métis-owned businesses. Both programs are restricted to providing repayable loans and non-repayable contributions to businesses or community projects in the energy and resource sector.

The Equity Contribution Program is a repayable loan targeting for-profit, commercially viable businesses that generate a minimum of 60% of revenue from the Energy and Resource sector. The Fund can provide a repayable loan of up to the lesser of $500,000 or 50% of the value of fixed assets plus 35% of working capital and inventory costs identified in the program. Minimum funding under this program is $250,000 and maximum funding is $1,000,000. Financial assistance will be in the form of common shares, preferred shares, mortgages or other forms of debt.

Under the Community Infrastructure Development Program, the Fund can provide a non-repayable contribution of up to $200,000 and a repayable loan of up to $800,000 (minimum of $201,000) or 50% of the project costs including inventory and working capital. Financial assistance under the repayable loan will be in the form of common shares, preferred shares, or units in a limited partnership or joint venture. The Fund will attempt to identify two communities, regions and/or locals to participate as a partner community in the business. Businesses funded under the program must be involved in servicing the Energy and Resource sectors and must generate a minimum of 60% of its revenue from the Energy and Resource sector. For projects funded under this program, the Fund can be the majority owner in the start up and initial years with the community purchasing shares over the life of the agreement until it owns 100% of the business.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO") and include the following significant accounting policies:

Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses at year end. The most significant estimate is the provision for defaulted loans receivable. Actual results could differ from those estimates.

Cash and Investments

Cash and investments consist of cash on hand, balances with banks, and short-term investments in money market instruments, and Guaranteed Investment Certificate's ("GIC's"). Long-term investments consist of mortgages against land and buildings and GIC's.

Financial Instruments

The Fund initially measures its financial assets and financial liabilities at fair value. The Fund subsequently measures all of its financial assets and financial liabilities at amortized cost. Changes in fair value are recognized in the Statement of Revenue, Expenses and Changes in Net Assets.

Financial assets measured at amortized cost include cash, short-term and long-term investments, accounts receivable, interest receivable and loans receivable. Financial liabilities measured at amortized cost include accounts payable and loans payable.

Capital Assets and Amortization

Capital assets are recorded at cost. Normal repair and maintenance costs are expensed as incurred. Leasehold improvements are amortized over the term of the lease (three years) on a straight line basis. Amortization on all other capital assets is recorded on a diminishing balance basis as follows:

Building	4%
Office furniture	20%
Computer equipment	30%
Computer software	100%

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of Long-Lived Assets

Long-lived assets are tested for recoverability whenever events or changes in circumstances indicate their carrying amount may not be recoverable. An impairment loss is recognized when their carrying amount exceeds the total undiscounted cash flows expected from their use and eventual disposition. The amount of impairment loss is determined as the excess of the carrying value of the assets over their fair market value. No events have occurred nor have any circumstances changed which would indicate impairment in the value of long-lived assets.

Fund Accounting

The MERP fund accounts for the Fund's activities relating to business or community projects in the energy and resource sector. Externally restricted contributions to be used for programs and operations for the energy and resource sector are reported in this fund.

The general fund accounts for programs outside of the energy and resource sector as well as general operations. Externally restricted contributions to be used for programs and operations are reported in this fund.

Revenue Recognition

The Fund follows the restricted fund method whereby externally restricted contributions are recognized in the fund corresponding to the purpose for which they were contributed. All externally restricted contributions are recorded when received as revenue in the MERP fund. All contributions in the general fund are recorded using the deferral method whereby revenues are recognized in the year for which the funds are used for the purposes intended. Contributions revenue in the general fund includes revenue pursuant to the agreement with the Government of Saskatchewan and funding related to the economic development sector.

Other revenue is recognized as revenue if the amount to be received can be reasonably estimated and collection is reasonably assured.

Investment and interest income is recognized as revenue when earned.

Income Taxes

As a non-profit organization the Fund is exempt from paying federal and provincial income and capital tax.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Loans Receivable

Loans under $200,000 are recorded when the Chief Executive Officer has approved the payment and all conditions are met by the applicant. Loans over $200,000 and less than $500,000 are recorded when the Investment and Audit Committee of the Board has approved the proposal. Loans over $500,000 are recorded when the Board has approved the proposal.

3. INVESTMENTS

Short-term investments consist of the following:

	2014	2013
GIC's	$ **10,490,776**	$ 8,777,327
Current portion of mortgages	**89,831**	89,049
	$ **10,580,607**	$ 8,866,376

Short-term investments include:

Bank of Nova Scotia 1.50% GIC maturing November 30, 2015
Bank of Nova Scotia 1.90% GIC maturing October 5, 2015
Bank of Nova Scotia 1.20% GIC maturing October 14, 2015
Bank of Nova Scotia 1.20% GIC maturing December 24, 2015
Bank of Nova Scotia 1.25% GIC maturing April 7, 2015
Bank of Nova Scotia 1.15% GIC maturing July 10, 2015
Bank of Nova Scotia 1.20% GIC maturing October 22, 2015

Long-term Investments

On May 6, 2011, a $500,000 Mortgage Investment for Dumont Technical Institute Inc. was issued. Dumont Technical Institute Inc. previously held a mortgage with Clarence Campeau Development Fund in 2003 that was paid out in December 2010. This is a ten-year mortgage against land and a building due May 1, 2021; the balance at December 31, 2014 is $347,033 (2013 - $392,627). The interest rate is 4.50% per annum, renewed annually on May 1 at an interest rate of 2% over the Scotia McLeod 5 year banker acceptance rate at that date. The fair market value of the land and building held as security are in excess of the amount owing on the mortgage.

3. INVESTMENTS (continued)

Long-term Investments (continued)

The balance of long-term investments consists of a $200,000 mortgage against land and building owned by Vermette Trucking Ltd., due June 1, 2019; the balance at December 31, 2014 is $105,835 (2013 - $125,505). The interest rate is 6.50% per annum, calculated monthly. The fair market value of the land and building held as security are in excess of the amount owing on the mortgage.

Also included in long-term investments is a 2.00% Bank of Nova Scotia Annual Interest GIC with a par value of $1,000,000 (2013 - $0) maturing on June 27, 2016.

The total current portion of the above mortgages included in short-term investments is $89,831 (2013 - $89,049).

4. LOANS RECEIVABLE

Loans receivable are amounts distributed to qualified projects to provide funding. Loans take the form of either interest free loans or equity investments. Interest-free loans are repayable to the Fund over a maximum term of seven years. The maximum term for equity instruments is ten years and usually involves the payment of regular dividends which are included in interest and investment income in the Statement of Revenue, Expenses and Net Assets. The dividend rate is determined based on the current bankers' acceptance rate plus 2%. These equity instruments are convertible to debt at the option of the Fund after a period equal to half the term of the instrument.

All loans in arrears are handled on a case-by-case basis and are written-off after all reasonable restructuring/collection activities have taken place and the possibility of further recovery is considered to be remote.

A loan is classified as non-performing when management has determined that there is a reasonable doubt as to the ultimate collectability of principal. The provision for defaulted loans receivable consists of specific items established on a case-by-case basis and a general provision of 10% of the outstanding loans receivable.

The Fund evaluates each client's creditworthiness on a case-by-case basis. The Fund contracts project assessment and project follow up and evaluation services from other qualified institutions or businesses, where necessary. All applicants are required to enter into a contractual agreement with the Fund. Further, the Fund is required to ensure Métis ancestry when granting an non-repayable contribution and/or loan.

4. LOANS RECEIVABLE (continued)

Loans receivable are principally the financial instruments which potentially subject the Fund to concentrations of credit risk. Management is not aware of any concentrations of loans to classes of borrowers or industries that would be similarly affected by economic conditions. Although the Fund's loan portfolio is diversified, a substantial portion of its borrowers' ability to honour the terms of their loans is dependent on business and economic conditions in Saskatchewan.

Loans receivable consist of the following:

	2014	2013
Loans receivable	**$ 15,728,191**	$ 16,064,069
Less provision for loans receivable		
Specific items	**(664,933)**	(27,542)
General provision	**(907,886)**	(1,578,865)
	14,155,372	14,457,662
Less current portion	**(3,267,916)**	(3,913,039)
Long-term loans receivable	**$ 10,887,456**	$ 10,544,623

The loans receivable consists of $13,289,231 of interest free loans receivable and $2,438,960 of equity investments at December 31, 2014 (2013 - $13,253,684 of interest free loans receivable and $2,810,385 of equity investments).

5. CAPITAL ASSETS

	2014			2013
	Cost	Accumulated Amortization	**Net Book Value**	Net Book Value
Land	$ 94,600	$ -	**$ 94,600**	$ 94,600
Building	884,577	196,461	**688,116**	707,004
Office furniture	174,416	139,022	**35,394**	44,560
Computer equipment	86,944	66,152	**20,792**	10,544
Computer software	41,489	41,489	**-**	-
Leasehold improvements	5,122	4,666	**456**	681
	$ 1,287,148	$ 447,790	**$ 839,358**	$ 857,389

6. COMMITMENT

The Fund has entered into a lease for its Regina office space. The lease expires on October 31, 2015. Future lease payments of $1,467 are due monthly, for a total of $14,670 over the next 10 months. In addition, the Fund must pay its proportionate share of occupancy costs relating to the building and land.

7. RELATED PARTY TRANSACTIONS

Transactions with related parties are measured at the exchange amount which is the consideration established and agreed to by the related parties. These transactions occurred in the normal course of operations.

During the year, $2,284 (2013 - $9,660) was paid to the Saskatchewan Métis Economic Development Company for the development of business plans for Fund clients. These payments are included in non-repayable contributions to community projects on the Statement of Revenue, Expenses and Changes in Net Assets.

The Board allows its members to apply for loans for qualifying projects. At year end, companies controlled by Board members had $802,970 (2013 – $889,584) in repayable loans, payable to the Fund. The funding was received prior to the board members becoming elected to the Board on terms similar to those granted to arm's length borrowers. These repayable loans are included in loans receivable on the Statement of Financial Position.

8. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Fund, through its financial assets and liabilities, has exposure to the following risks from its use of financial instruments: credit risk, interest rate risk and liquidity risk.

Credit Risk

The Fund's principal financial assets are cash, short-term and long-term investments, accounts receivable and loans receivable which are subject to credit risk. The carrying amounts of financial assets on the Statement of Financial Position represent the Fund's maximum credit exposure at the Statement of Financial Position date.

The Fund's credit risk is primarily attributable to its loans receivable. The Fund reviews the provision for loans receivable on an annual basis. Processes and procedures are in place to ensure the credit worthiness of the customers to whom loans are advanced, which helps to mitigate overall credit risk.

8. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Credit Risk (continued)

The credit risk on cash, short-term investments and GIC's recorded in long-term investments is limited because the counterparties are chartered banks with high credit-ratings assigned by national credit-rating agencies and other institutions with low risk of default.

In addition, in the normal course of business the Fund has entered into a guarantee that is not reported on the Statement of Financial Position. The primary purpose of this guarantee is to make funds available for the financing needs of customers. These are subject to normal credit standards, financial controls, risk management and monitoring procedures.

The guarantee represents an irrevocable commitment that the Fund will make payments in the event that a customer cannot meet its obligations to third parties, and they carry the same risk, recourse and collateral security requirements as loans extended to customers.

Credit risk arising from the guarantee totals $200,000 (2013 - $200,000). This amount does not necessarily represent future cash requirements since many commitments will expire or terminate without being funded.

Interest Rate Risk

The interest bearing short-term investments have a limited exposure to interest rate risk due to their short term maturity. The Fund is exposed to interest rate risk on its fixed interest rate long-term investments. Fixed-rate instruments subject the Fund to risk of changes in fair value. The loans receivable include interest free loans and therefore have limited exposure.

Liquidity Risk

The Fund's objective is to have sufficient liquidity to meet its liabilities when due. The Fund monitors its cash balances and cash flows generated from operations to meet its requirements. As at December 31, 2014, the Fund's most significant financial liabilities are accounts payable and loans payable.

8. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Fair Values

The fair values of cash, accounts receivable, interest receivable and accounts payable approximate their carrying values due to their short-term maturity.

The fair value of loans receivable is not readily determinable as there is no market for the loans receivable and it is management's intention to hold these receivables to maturity.

Carrying values of investments are disclosed in Note 3. The fair value of short-term and GIC's recorded in long-term investments approximate their carrying value.

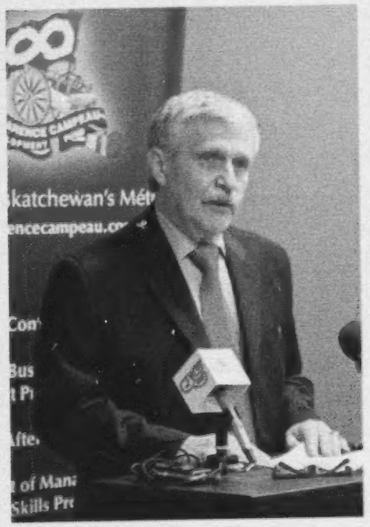
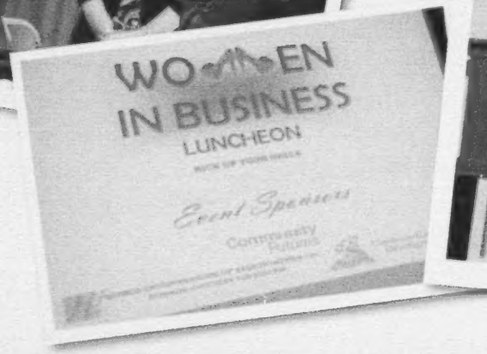
CCDF -YEAR IN REVIEW





TESTIMONIALS

ZOOM ZOOM GROOM

PreZoomably Cats

APEX ACADEMY
PROFESSIONAL GROOMING & ANIMAL ARTS

2014 was an extremely busy & productive year with the expansion of Zoom Zoom Groom Ltd., the addition of our sub-division PreZoomably Cats: Feline Groomz & Roomz & the expansion of the Apex Academy of Professional Grooming & Animal Arts- and this is all due to the assistance we received from the Clarence Campeau Development Fund!

We cannot thank enough the amazing staff at CCDF . Not only did they support the development in every aspect, they also assisted us in creating a comprehensive, in-depth business plan that will lead us into the next five years. Because of the funding from CCDF we have purchased our own building at 1180 Winnipeg Street, done a complete renovation that accommodates more Certified Professional Groomers, opened up the first Cat Boarding and strictly Cat Grooming facility in Saskatchewan, Certified four Feline Master Groomers, as well enabled the school (Apex Academy of Professional Grooming & Animal Arts) to now accommodate a higher enrolment. Presently, we have a staff 15 wonderful employees, and groom approximately 400 dogs per week in a modern, efficient, and state-of-art facility, and our cat grooming and boarding clientele is increasing rapidly! The registered school has enabled the training of many successful and accomplished professional groomers- and we are so proud of them!

Once again...thank you to CCDF for helping people achieve their dreams! The entire experience was incredible and we can't express enough our gratitude & appreciation!

D's Excavating

As the owner/operator of D's Excavating i would like give many thanks to Clarence Campeau Development Fund. They helped me expand my business to be able to service a growing economy in Saskatchewan. They gave me financial funding which has allowed me to make equipment purchases where any other lending group would have refused. Not only did CCDF help to give me the funding I needed, but also made the process as easy and straightforward as possible. I greatly appreciate the help and look forward to many good years in business working alongside CCDF.

Tawaw Cabins

We would like to thank CCDF for their great help and financial assistance, allowing us to purchase the resort we were inquiring about. The staff was very friendly and went above and beyond our expectations. They were great in helping us get a business plan, and making sure the resort was a smart financial investment. After all the planning was taken care of CCDF was there to give us the funding that was needed to allow for us to purchase our new business. After almost one full year of being owners of Tawaw Cabins we could not be any happier for the opportunity CCDF gave us.

born fabulous

Clarence Campeau Development Fund is such an amazing foundation! We can't thank them enough for helping our dream become a reality!

We contacted CCDF in October, 2012 with questions. They were so supportive and positive about our idea and gave us the information we needed to get things started! We did our research and worked with a professional business planner to take our business idea to the next level.

Born Fabulous Clothing became a reality! We are now able to provide Humboldt and surrounding area with trendy and unique baby, toddler, and teen clothing and accessories; something that was missing here.

Born Fabulous Clothing opened its doors on August 5, 2014. We are excited for what our future holds, and are beyond grateful for all the support CCDF has given us.

CareTek

Becoming a business owner was always a goal, a goal that became a reality. We purchased CareTek Computers in Melville, SK, on August 1st 2014, with the direction and guidance from CCDF. What started out as an idea came to be life with CCDF.

They were a constant during the entire process, working to make our dream a reality. Helping us get in contact with the right people, asking the right questions and helping us focus on the right aspects of the procedure. They not only provided direction but encouragement as well. CCDF was great at taking a personal interest in us before, during and after the process was complete. Because of the assistance that CCDF provided we were able to secure the funds needed to purchase the business. Not all institutions will see your dream the way you do and hurdles will be part of the path. CCDF was able to help make sure that those hurdles did not become immovable roadblocks. CCDF is a asset to any young Métis entrepreneur looking to see an idea come to life.

We thank CCDF for all of their assistance!

TESTIMONIALS

Frogzilla Mechanical

After years of working as a Red Seal Journeyman Truck and Transport mechanic for other companies, I found there was a high demand for a mobile mechanic services that no shop really offered. I took this opportunity to venture on my own and create this business but was really unsure how to get it started on my own. I contacted the Clarence Campeau Development Fund and received nothing but support and guidance. Not only did they help me get a business plan in place, they helped with the funding to purchase my 2014 International Terra Star service truck and well as the equipment needed to get started! The CCDF staff is amazing, they bend over backwards to ensure all questions are answered and makes you feel like family. Words cannot convey the gratitude we have for CCDF, it's truly remarkable! Thank you!

Rowan Clothing Co.

When you are a 23 year-old young women and trying to start a business which was formed from only a dream, no one really tells you how hard it will be or where to even begin. With my Métis heritage I already knew I would qualify for some finical assistance. With some searching I found the Clarence Campeau Development Fund. I filled out the friendly application forms on their website and mailed them off. A few days later I nervously did a follow up call, after a few minutes of speaking with a business development specialist, I was immediately put at ease. I was invited to come into the office and meet face to face to go over everything and answer all my questions, and from that meeting forward I knew what my next steps were going to be. Staff members made trips out to my location in Moose Jaw and they were always just a phone call or email away with clear answers and wise business advice! My whole experience with CCDF has been extremely positive and I credit them with much of my success!

Sweet Memories Ice Cream Parlor

We have been working with Clarence Campeau Development Fund for more than ten years. They helped us plan and open our first Subway restaurant and expand Sweet Memories Ice Cream Parlor in 2003. Then in 2013, we were able to expand again with the addition of a self-serve frozen yogurt bar and move our business to a brand new location in Warman. As all this was in the planning stages, another opportunity arose for a second Subway in Warman's Legends Centre multi-purpose facility. CCDF again stepped up to help us get this project off the ground and open in less than 6 months from start to opening day. Pictured here is the grand opening of our store in that facility, where we made over 650 sandwiches that day! None of this would have been possible without the guidance and financial assistance of CCDF.

TESTIMONIALS

S.K.Transitions

I am the owner of S.K.Transitions, a Saskatoon based consulting business specializing in Graphic Facilitation & Coaching services.

The graphic component of this service is unique and new and the response to it has been very positive. This led to increased business growth, and the need to expand my services.

Training opportunities specific for my expansion needs were unavailable in Canada.

The need to train outside of Canada would represent a challenge financially, limit the amount of training I could take and therefore restrict the expansion of my services.

The CCDF program, designed for Métis women starting /expanding their business, was the answer to my business expansion challenge.

The commitment within the program budget of dedicated training/marketing dollars was the key to develop and expedite my capacity to keep stride with the expansion of services.

Thanks to the CCDF program and excellent support and guidance from the staff, I feel very well equipped to provide my expanded services, and am enjoying the business opportunities that have come with it.

Blackhawk Enterprizes Inc. Solitude Trophy & Frames

As a small business owner I always had my eyes open for potential ways to grow, improve and expand my current business, Blackhawk Enterprizes Inc., owns Alcott Embroidery. We provide custom embroidery, transfers, silk screening, logo creation, & promotional items.

In the late summer of 2013 Solitude Trophy & Frames went up for sale in nearby Meadow Lake, Sask. It immediately caught my attention. I felt it was a really good fit with what I already offered. Solitude Trophy & Frames provided custom framing, engraving, trophy & awards as well as a home décor and an art retail section.

When I started looking into funding from our current bank I found out the amount of funds the bank will lend to purchase a business is quite limited and it was obvious if I was going to purchase Solitude Trophy & Frames I would need further financial assistance. I contacted Clarence Campeau Development Fund to see if we would qualify for any funding. The staff at CCDF was so supportive and helpful. They assisted me through the application process and made me feel that I was an important customer to them, gave me all the reasons why I should expand my business and treated us with respect. They are truly professionals that I wish I would have contacted when I started looking into expanding my business. Their support would have made the process of buying a business much easier and enjoyable from the beginning.

We took over Solitude Trophy & Frames November 15th of 2013 and in 2014 we closed the books on a full year of owning & managing two businesses. We employ three full time and five part-time employees between the two businesses, this would not have been possible without the support of CCDF.

MÉTIS VETERANS MEMORIAL MONUMENT UNVEILING CEREMONY

10:30–11:30 a.m, Saturday, July 19, 2014

Back to Batoche Festival Grounds

Free admission until noon.

The Métis have always defended their right to be free people, *les gens libre*, and the *Otipaymishoowuk* — "the people who own themselves." This value, a gift from our ancestors, has been demonstrated in our early history and by thousands of Métis who have served in Canada's Armed Forces. The Métis have served alongside other Canadian servicemen and servicewomen in the South African War, World War I, World War II, the Korean War, and in each of the efforts since then to defend our country and contribute to international peace and security.

The Métis Veterans Memorial Monument at this site is a national project that honours Métis servicemen and servicewomen from across Canada. The monument expresses a long-held dream of the Métis to honour and commemorate the contributions of over 7,000 Métis veterans who have valiantly served our nation and defended our land and freedom.

In July 2010, during the *Year of the Métis*, the site was officially designated in a ceremony attended by the Honourable John Duncan, then Minister of Aboriginal Affairs and Northern Development Canada.

The Gabriel Dumont Institute is leading the fundraising effort for the monument. Over two-thirds of the cost of the monument has been realized through contributions from the Institute, the Clarence Campeau Development Fund, Veteran Affairs Canada, the Saskatchewan Community Initiatives Fund, and donations from individuals, businesses, and service organizations.

The Métis Veterans Memorial Monument is a fitting tribute to our veterans and will remind us of the sacrifices they made so we can enjoy our freedom and spend time with family and friends, *the Métis way*, at Batoche.

Maarsii, Merci, Thank you!

Clarence Campeau Development Fund

Who is Clarence Campeau?

Clarence Campeau was born in 1947 into a family of 11 and grew up living along a road allowance near Algrove, just north of the community of Archerwill in northeast Saskatchewan.

When the provincial government decided to break up road allowance communities, forcing them onto Métis farms in the early 1950s, the Campeau family promptly left and returned to Algrove. It's believed that Campeau's spirit of resistance and desire for social justice may have been sparked by this event.

At age 18, Campeau turned his life around for the better when alcohol was no longer part of it. He then met Napoleon LaFontaine, who was a great inspiration to him, encouraging Campeau to become involved with the Métis Society of Saskatchewan. Campeau started a career as an addictions worker and in just five years, Campeau became the youngest area director of Eastern Region II – a post he held for 24 years.

As an area director, Campeau had a vision not only for his region but also the Métis people as a whole. It is said he never judged people as he knew everyone faced challenges in their lives and he gave people a chance to live up to their potential.

Campeau was a strong leader who believed the Métis, from their very beginnings, were great business people. His vision was built upon what he believed were the inherent strengths of grassroots people. He always sought the opinions of people living in his region in order to better understand how they perceived the future. This dedication to his people, made him well-respected across the province.

Cited as a great negotiator. Campeau often dealt with many government officials. While working at the Gabriel Dumont Institute, Campeau became friends with his superior Donavon Young, the institute's director of research and policy. Young remembered Campeau as a true leader, always putting his community's interest before personal ones.

Shortly after Campeau's passing at age 49, Young, who was negotiating on behalf of the provincial government to create a Métis economic development foundation, suggested the name Clarence Campeau Development Fund as a means of honoring Campeau's hard work.
